

# Building integrated and inclusive climate-smart, nutrition-secure pathways in sub-Saharan Africa

Click here to find out more about iFeed or visit <http://ifeed.leeds.ac.uk>

## In-country expertise:

- Taskforces of in-country experts: academics (with expertise in agricultural and climate science), representatives of agricultural ministries, NGOs, farmer organisations and private sector actors
- National and regional policy advocacy champions
- AFRICAP partner organisations including FANRPAN, CISANET, NAMC, ESRF and ACF

**4** Country-level participatory workshops each identifying four food system scenarios
